

"MAKING DEVELOPMENT MORE SUSTAINABLE - MDMS"

27<sup>th</sup> May 2022

Mrs. K G C A Bandarathilake  
Senior Assistant Registrar,  
Faculty of Fisheries and Marine Sciences & Technology,  
University of Ruhuna,  
Matara.

Dear Mrs. K G C A Bandarathilake,

**MIND Scholarships for Undergraduates 2022/2023**

MIND has continued its scholarship programme for undergraduate students from year 2000. The primary objective of our scholarship programme is to increase the awareness of young scholars on issues relating to sustainable development. The recipients of the MIND scholarships in previous years have performed with great distinction. These scholars have become a part of the core group of young people, who we feel will be the future leaders of Sri Lanka.

MIND is extending this facility for the academic year 2022/2023. Candidates will be assessed on both performance and need, and have to satisfy the following conditions.

1. Full-time 3<sup>rd</sup> year students.
2. Maintain at least a B average or equivalent during the past years.
3. Demonstrate competence in English, both spoken and written.
4. Although there is no upper limit on family income (for eligibility), 20% of ranking marks will be allocated for financial need.

The scholarship will be valued at Rs.4000/- per month for the duration of the 4th year and will be paid quarterly, directly to the students.

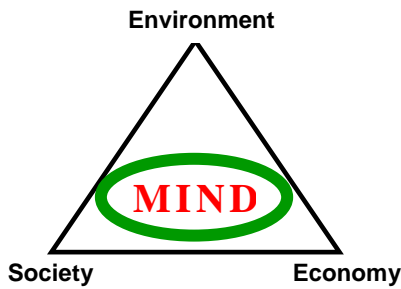

We would be grateful if you would give publicity to MIND scholarships among eligible undergraduates. The application is available on line at <http://www.mindlanka.com> and the eligible students are required to apply on-line.

Students need to produce original certificates (educational, sports, etc.) if they are called for interviews. The closing date for the application is **Thursday, 30<sup>th</sup> June 2022**. Please contact MIND staff for any further details (Tele: 011 2590131).

We look forward to collaborating with you in this regard.

Yours sincerely,

Sria Munasinghe  
Vice Chair

"MAKING DEVELOPMENT MORE SUSTAINABLE - MDMS"

## NOTICE
